

FIG Working Week 2024

19-24 May Accra, Ghana

Your World, Our World: Resilient Environment and Sustainable Resource Management for All

Mr. Bryn Fosburgh, FIG Foundation President Senior Vice President Trimble

Bio: Bryn Fosburgh is a Senior Vice President at Trimble and is currently the Advisor to the CEO. Since 1994, Bryn has been involved and led Trimble's Geospatial, Construction, Transportation and Logistics (T&L), and Agriculture Sectors. Bryn is the founding member of Trimble's joint ventures with Caterpillar, Hilti, AGCO, and Nikon and has spent over twenty years on those joint venture boards. Bryn is also the founder of Trimble's consolidated construction and T&L businesses and has had direct responsibility for managing the profit and loss centers at Trimble which were greater than billion dollars in revenue.

Prior to Trimble, Bryn worked nearly 10 years in the Federal and State Government at the Wisconsin Department of Transportation, U.S Army Corps of Engineers, and Defense Mapping Agency (DMA). Bryn received a Masters of Science in Civil Engineering at Purdue University and a Bachelor of Science from University of Wisconsin Green Bay. Bryn was awarded the Purdue University civil engineering alumni achievement award and inducted into the Association of Equipment Manufacturers (AEM) Hall of Fame.

Bryn is a supporter of the FIG Foundation, currently Foundation President, since its inception and passionately supports the FIG young surveyors network through mentorship and educational and philanthropic efforts. Bryn is also president of the World Geospatial Industry Council (WGIC) which is a worldwide industry advocacy group comprised of commercial companies in the geospatial industry.

Prior to his professional engineering career, Bryn was member of the USCG where he was a hospital corpsman and station at various duty stations in Wisconsin, Florida, New Jersey, Connecticut, and Texas.
